

MEDICINE LUDO

Roll the die · answer the card · race home — standard board, A3

THE NUMBER YOU ROLL IS ALSO THE DIFFICULTY OF THE CARD

1 Easy 10 pts · 20s	2 Mid Easy 20 pts · 25s	3 Medium 30 pts · 30s	4 Mid Medium 40 pts · 30s	5 Difficult 50 pts · 40s	6 Very Difficult 60 pts · 45s

ROLL — the die gives both your distance and your card. Answer right and move forward by the roll; answer wrong and move back half the roll, rounded down, never past your own START.

PIECES — both of yours begin on your START square. Land on a square holding only opponents and they go back to their own START. The four ★ START squares are safe: nothing is captured there.

WINNING — roll a 6 and answer correctly to go again, at most twice running. First player to get both pieces HOME wins; in 2v2 it is the first team with two pieces home between the partners.
